

Notes:

August 2025 Changes

UCEA has confirmed a non-clinical pay award of 1.4%. In addition to the national pay award, University Council also decided to both increase the Oxford University Weighting and extend it to all non-clinical staff.

Oxford University Weighting

With effect from 1 August 2025, the Oxford University weighting of £1,500 has been increased to £1,730. The weighting is applicable to non-clinical staff.

The weighting is applied to salaries for pay spine points 11-56.

ALC6 and RSIV

Staff on individual salaries in these grades will receive an increase in base salary of 1.4% and an Oxford University Weighting allowance of £1,730 (pro-rata for part-time staff)

Exclusions

Departments and divisions are reminded that this award does not automatically apply to staff paid on off-scale salary points ie grade codes ending in 90. These scales are not available for new appointments. Where contractually Departments or divisions are required to apply an uplift, they should action this. If advice is required, departments should contact their HR Business Partner in University HR.

Closed grades

Details of any pay scales associated with grades no longer open to new appointments are available from hr.reporting@admin.ox.ac.uk.

Allowances and supplements

In the majority of cases no action is required by departments but departments do need to amend payments which have been set up as the allowance "standby and call out pay cash" as the allowances will not be amended automatically. The flat-rate payment has increased to £328; the broadband connection payment has increased to £360. Departments should adjust these payments, as well as payments made to staff who are in receipt of an

Market pay

Market pay supplements do not increase automatically with the pay award. Where applicable, departments will be informed separately about the outcome of the annual market pay review.

Information on how pay awards apply to allowances can be found at:
